

Flu season is here

Get your flu shot — not just for you, but for them

Family, friends, loved ones — even strangers — benefit when you get your flu shot. A flu shot is the most effective way you can protect yourself from the virus and prevent the flu from spreading.

Getting a flu shot is easy

There are a couple of ways to get your flu shot. You can visit one of our network pharmacies to get the shot at no extra cost to you. Just show them your member ID card. Or you can ask your doctor for the flu shot. If your doctor gives you the shot, you may have an office copay.

A quick list of network pharmacies offering the flu shot is on the back of this flyer. Or you can visit aetnamedicare.com/flu for a complete listing.
